## निविदा संशोधन सूचना

E-Tender of rate contract for supply and installation of Automatic Milk collection unit at Jaipur Dairy invited on 04/06/2025. Following amendment/Clarification/Opinion are made as per pre bid meeting held on 16/06/2025: -

Sr. No.	Bidder Name	Tender Clause	Query/Clarification	Amendment/Committee Opinion/Clarification
1	M/s Shree Kamdhenu Electronics Pvt Ltd & M/s Prompt	1.4	For compatibility & data transfer to Jaipur Dairy Central monitoring system, <b>who will provide the necessary Hardware (MODEM), SIM Cards &amp; Internet connectivity, recurring charges, IP Address &amp; Protocols?</b> Since the Tech specification of MODEM, Antenna & etc. is not mentioned in the tender documents. Pls re-define the scope for further cost estimation...	If JZDUSS wish to integrate these AMCU's centrally from Jaipur dairy server in near future than AMCU must be compatible to connect with central server system and AMCU must be in-built with supporting software for this purpose but all the necessary hardware i.e. MODEM, Antenna, Sim, recurring charges, internet connectivity, Ip address & protocols will be provided by concern DCS/JZDUSS but for now being only desktop AMCU software must be inbuilt in the desktop computer.
2	M/s Prompt, M/s Kanha Milk Testing Equipment	Page-17 point 1.4 & Page number 19 point 2	Warranty shall be one year or three years	Warranty of equipment shall be considered three years
3	M/s Prompt	Earthing Clause in Technical specification	Whether earthing is optional or compulsory to supply with equipment	Earthing not required, but due to this performance of machine should not affected in future
4	M/s Kamdhenu Electronics	6.3 Operational capabilities	In case of remote correction/calibration process without human intervention, how will you ensure the correctness of the process i.e. Reference Cow/ Buff Raw Milk samples used or its test results (FAT & SNF) are proper and not manipulated! Pls explain...	Only online monitoring of slope & bias is required
5	M/s Kanha Milk Testing Equipment	Technical specification	Milk analyser testing timing is 30 seconds. We request you to make this 38-40 seconds or 70 samples/hour, also this is the standard of NDDB & NDS	Our societies have large no. Of milk producers. To procure the milk in time bound manner, we need analyzer of analysis speed max. 30 seconds.
6	M/s Kamdhenu Electronics	Earthing Clause in Technical specification	Since the Tech specification of Earthing Electrode & type & digging-pit work on site, Electric connection etc. is not mentioned in the tender documents. Pls re-define the scope for further cost estimation.	Earthing not needed, but due to this performance of machine should not affected in future

Above mentioned amendment/clarification/opinion has been issued after approval from competent authority.
